Application Section 1 of 6: Instructions and Guidelines

Overview
Access Technologies, Inc. (ATI) has been selected by the Federal Communication Commission (FCC) to administer the National Deaf Blind Equipment Distribution Program (NDBEDP). The NDBEDP distributes equipment to low-income individuals who are deaf-blind (have combined hearing and vision loss) to enable access to telephone, advanced communications and information services. The support was mandated by the Twenty-First Century Communications and Video Accessibility Act of 2010 (CVAA). For more information about the NDBEDP, please visit http://accesstechnologiesinc.org/ or http://www.fcc.gov/ndbedp.

Who Is Eligible To Receive Equipment
Under the CVAA, only low-income individuals who are deaf-blind are eligible to receive equipment provided through the NDBEDP. Applicants must provide verification of their status as low-income and deaf-blind.

Financial Eligibility
To be eligible, your family/household income must be below 400% of the Federal Poverty Guidelines, as shown in the table on page 2.

For purposes of determining income eligibility for the NDBEDP, the FCC defines “income” and “household” as follows:

“Income” is all income actually received by all members of a household. This includes salary before deductions for taxes, public assistance benefits, social security payments, pensions, unemployment compensation, veteran's benefits, inheritances, alimony, child support payments, worker's compensation benefits, gifts, lottery winnings, and the like. The only exceptions are student financial aid, military housing and cost-of-living allowances, irregular income from occasional small jobs such as baby-sitting or lawn mowing, and the like.

A “household” is any individual or group of individuals who are living together at the same address as one economic unit. A household may include related and unrelated persons. An “economic unit” consists of all adult individuals contributing to
and sharing in the income and expenses of a household. An adult is any person eighteen years or older. If an adult has no or minimal income, and lives with someone who provides financial support to him/her, both people shall be considered part of the same household. Children under the age of eighteen living with their parents or guardians are considered to be part of the same household as their parents or guardians.

See Section 3 for the family/household income information that must be provided with this application: either 1) proof of your current participation in a federal low-income program whose income limit is below 400% of the Federal Poverty Guidelines, or 2) proof of household income.

**Medical Eligibility**

For this program, the CVAA requires that the term "deaf-blind" has the same meaning given by the Helen Keller National Center Act. In general, the individual must have a certain vision loss and a hearing loss that, combined, cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment, or obtaining a vocation (working).

Specifically, the FCC’s NDBEDP rule 64.6203(c) states that an individual who is “deaf-blind” is:

(1) Any individual:
   i. Who has a central visual acuity of 20/200 or less in the better eye with corrective lenses, or a field defect such that the peripheral diameter of visual field subtends an angular distance no greater than 20 degrees, or a progressive visual loss having a prognosis leading to one or both these conditions;
ii. Who has a chronic hearing impairment so severe that most speech cannot be understood with optimum amplification, or a progressive hearing loss having a prognosis leading to this condition; and

iii. For whom the combination of impairments described in (i) and (ii) of this section cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment, or obtaining a vocation.

(2) The definition in this paragraph also includes any individual who, despite the inability to be measured accurately for hearing and vision loss due to cognitive or behavioral constraints, or both, can be determined through functional and performance assessment to have severe hearing and visual disabilities that cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment, or obtaining vocational objectives.

(3) An individual’s functional abilities with respect to using telecommunications service, internet access, and advanced communication services in various environments shall be considered when determining whether the individual is deaf-blind under (ii) and (iii) of this section.

Do you need help filling out the application
You may ask another person to fill the application out for you. Note: The individual filling out the application must enter the information of the person who is applying for the equipment.
Who Can Attest To A Person’s Disability Eligibility
A practicing professional who has direct knowledge of the person's vision and hearing loss, such as:

- Audiologist
- Community-based service provider
- Educator
- Hearing professional
- Medical/health professional
- School for the deaf and/or blind
- Specialist in Deaf-Blindness
- Speech pathologist
- Vision professional
- Vocational rehabilitation counselor

Such professionals may also include, in the attestation, information about the individual’s functional abilities to use telecommunications, Internet access, and advanced communications services in various settings.

Existing documentation that a person is deaf-blind, such as an individualized education program (IEP), or a Social Security determination letter, may serve as verification of disability.

See Section 6 for the disability attestation information that must be provided with this application. If you disagree with the professional’s disability decision, please call Access Technologies, Inc. at 503-361-1201 or 1-800-677-7512, or send an email to info@accesstechnologiesinc.org
Confidentiality Policy

ATI and iCanConnect are committed to ensuring that your privacy is protected. Information provided on this application form will only be used to determine eligibility for iCanConnect products and services. ATI and iCanConnect will not sell, distribute or lease your personal information to third parties unless you give permission, or if the iCanConnect program is required by law to do so. ATI and iCanConnect are committed to ensuring that personal information is secure. In order to prevent unauthorized access or disclosure, suitable physical, electronic and managerial procedures are in place to safeguard and secure the information ATI and iCanConnect collects.

Program Model

iCanConnect-Oregon is a permanent equipment loan program. During this time the title of the equipment remains with Access Technologies, Inc. This allows for flexibility in the sense that as AT changes, or as a client’s vision or hearing changes, individuals will be able to upgrade their AT to accommodate these changes as necessary.

Technologies that are traded-in are distributed to another Program consumer or placed in the Device Lending Library; for use during assessments or while a consumer’s equipment is being repaired. Additionally, with the onset of the permanent rules, iCanConnect-Oregon has adopted a policy that allows ownership of the AT to transfer to the consumer after five years of using the equipment.

Access To Telephone Or Internet Services

NDBEDP equipment applicants will need to demonstrate that they have access to the telephone, Internet or wireless services that the equipment is designed to use and make accessible.

Privacy Statement

The Federal Communications Commission (FCC) collects personal information about individuals through the National Deaf-Blind Equipment Distribution Program (NDBEDP), a program also known as iCanConnect. The FCC will use this information to administer and manage the NDBEDP.

Personal information is provided voluntarily by individuals who request equipment (NDBEDP applicants) and individuals who attest to the disability of NDBEDP applicants. This information is needed to determine whether an applicant is eligible to participate in the NDBEDP. In addition, personal information is provided voluntarily by individuals who file NDBEDP-related complaints with the FCC on behalf of themselves or others. When this information is not provided, it may be impossible to resolve the complaints. Finally, each state’s NDBEDP-certified equipment distribution program must submit to the FCC certain personal information that it obtained through its NDBEDP activities. This information is required to maintain each state’s certification to participate in this program.

The FCC is authorized to collect the personal information that is requested through the NDBEDP under sections 1, 4, and 719 of the Communications Act of 1934, as amended; 47 U.S.C. 151, 154, and 620.
